

## 21<sup>st</sup> Century Community Learning Centers, Title IV, Part B Alignment

21 <sup>st</sup> Century Community Learning Centers, Title IV, Part B Statutes	Alignment	Applications
<b>Remedial Education and Academic Enrichment</b>		
<p>Funds may be used to carry out a broad array before and after school activities (including during summer recess periods) that advance student academic achievement, including remedial education activities and academic enrichment learning programs, including providing additional assistance to students to allow students to improve their academic achievement (Sec 4205. Local Activities. (a)(1))</p>	<p>There are a variety of ways academic achievement can be impacted using the EducatorPLUS system. The system can be used to post academic standards and display rubrics and grading expectations. Educators can use the tools to create multiple formats of assessments, maximizing the potential to identify student strengths and weaknesses while providing an informal assessment of the student’s learning style.</p>	<ul style="list-style-type: none"> <li>• Recognize individual student progress through the creation of customized posters</li> <li>• Create interactive learning centers with large graphic organizers and reinforce key concepts by enlarging strategies and reminders</li> <li>• Foster differentiated instruction by creating differentiated tools such as enlarged worksheets and learning centers geared toward specific skills or targeted needs, etc.</li> </ul>
<b>Reading, Math, and Science Education Activities</b>		
<p>Funds may be used to carry out a broad array of before and after school activities (including during summer recess periods) that advance student academic achievement, including math and science education activities. (Sec 4205. Local Activities (a)(2))</p>	<p>Using the EducatorPLUS system, academic standards for reading, math, and science can be posted in every classroom. Teachers can display rubrics and grading expectations. Student progress can be recognized with customized posters. The EducatorPLUS system can be used to create visual aids to reinforce key objectives in math, science, and reading.</p>	<ul style="list-style-type: none"> <li>• Motivate students with exciting visual aids personalized to curriculum content</li> <li>• Develop logistical charts and post multi-step problem-solving process posters</li> </ul>
<b>Entrepreneurial Education Programs</b>		
<p>Funds may be used to carry out a broad array of before and after school activities (including during summer recess periods) that advance student academic achievement, including entrepreneurial activities. (Sec 4025. Local Activities (a)(4))</p>	<p>With the EducatorPLUS system, entrepreneurial student-based programs can be developed. Students can use the system to create, sell, and promote their ideas or programs. Outcomes of this project include increasing students’ feelings of self-sufficiency and accomplishment while preparing them for skills needed in the 21<sup>st</sup> Century. Through this small business opportunity, students learn how to run a small business enterprise, how to develop a business plan, how to utilize technology in the performance of business tasks, and how to utilize a variety of interactions within the business community. This allows students to gain real-world experience that can be documents on college applications and resumes.</p>	<ul style="list-style-type: none"> <li>• Help schools raise funds through the creation and sales of customized posters and banners for profit (school dances, graduation, athletic teams/players, birthdays, community business sponsors, etc.)</li> <li>• Allow students to raise funds through the creation of customized photo booths and props for special events</li> <li>• Allow students to create and sell customize school mascot/logo-themed posters</li> </ul>

**Programs Emphasizing After School  
Activities for Limited English Proficient  
Students**

<p>Funds may be used to carry out a broad array of before and after school activities (including during summer recess periods) that advance student academic achievement, including programs that provide after school activities for limited English proficient students that emphasize language skills and academic achievement (Sec 4025. Local Activities (a)(6))</p>	<p>There are a variety of ways academic achievement can be impacted using the EducatorPLUS system. The system can be used to post academic standards and display rubrics and grading expectations. Language skills can be supported through the creation of a word wall and subject-specific visual aids.</p>	<ul style="list-style-type: none"> <li>• Support limited English proficient students with bi-lingual visual aids that can promote alphabet recognition and frequently used English words</li> <li>• Recognize individual student progress through the creation of customized posters</li> </ul>
