CLASSROOM Connect

Making an Impact, Together

As we move into spring, this month's edition highlights student and educator achievements, classroom innovation, and efforts to support well-being. Whether it's recognizing hard work, exploring new tools, or promoting sustainability, we're excited to share ideas and insights that make a difference.

At AGC, our mission is to partner with educators to impact the lives of students every day. Your dedication creates meaningful learning experiences, and we're proud to support you in that work.

PARTNER SPOTLIGHT

FAMILY ACADEMY OF MULTILINGUAL EXPLORATION
NEW HAVEN, CT

Creativity in Action at FAME

FAME educators use the Educator Plus Vivid Poster Printer and Cut-Out Studio daily to enhance learning and celebrate achievements. From vocabulary charts to student recognition boards, they bring creativity into the classroom.

A custom hallway banner brings the beauty of their outdoor garden inside. With fluorescent inks and cut-out embellishments, the display adds color, energy, and a refreshing touch of nature, creating a bright and inspiring focal point.

FAME's Math Coach leveraged these tools to create weekly challenge posters that keep students engaged. Using banners, printable vinyl, photo-quality paper, and precisely cut elements from the Cut-Out Studio, the school ensures every display is both durable and visually striking.

TECH SPOTLIGHT

Engage with Engraving!

Laser technology has fascinated the world for decades, often depicted in sci-fi movies and futuristic stories. But today, this cutting-edge technology is making its way into classrooms, offering exciting hands-on learning experiences for students.

With schools increasingly looking for innovative ways to integrate lasers into their curriculum, AGC is proud to introduce "Laser Lab"—a powerful CO_2 laser engraving system designed for education.

Whether it's engraving personalized awards, crafting intricate designs, or launching student-led business initiatives, Laser Lab provides a safe, versatile, and fun way to engage students in creative learning.

TRAINING SPOTLIGHT

EmpowR Academy - A New Era of Educator Training

Our Training Team is gearing up to launch an all-new learning experience with EmpowR Academy, coming this August! To prepare for the official launch, we're offering select educators early access through our exclusive EmpowR Pilot Program—featuring interactive training modules and free materials at discounted rates. With standardized testing season in full swing, EmpowR Academy will showcase how our technology solutions—like the Educator Plus Poster Printer and Imagin3D Printer—can help reinforce key concepts, create engaging review materials, and support student success. Whether you prefer self-paced learning or live virtual training, EmpowR Academy is designed to fit your schedule and classroom needs. Want to be among the first to experience AGC's new training program? Talk to your Sales Rep today to learn how you can get involved!

AGC NEWS

Teacher Resources

Spring is a season of growth, learning, and new possibilities—perfect for bringing fresh inspiration into the classroom. Our April templates are designed to help you create engaging content with ease while celebrating key themes this month.

Autism Awareness Month: focus on fostering inclusivity and understanding.

Earth Month - Earth Day & Arbor Day: encourage sustainability and conservation efforts.

Multilingual Learner Advocacy Month: celebrate linguistic diversity and support equitable access to education for all students.
