ISSUE 7 | JULY 2025

## School's Out, But We're Just Getting Started

Summer's in full swing, and while the halls are quiet, the ideas are buzzing. At AGC Education, we know educators never really "clock out"—they're always dreaming, planning, and building something better. That's why we created **The Teachers Toolbox**, to bring creative resources and classroom-ready tech to life.

While you're soaking up the sun, check out our new **WhatNot** channel: [the\\_teachers\\_toolbox](https://www.whatnot.com/user/the_teachers_toolbox). It's your front-row seat for live shows featuring hands-on demos, real-time Q&As, exclusive giveaways, and limited-time offers.

Don't miss the next live show!

## Pressed to Impress: HSCT's Custom Creations

We're proud to highlight the outstanding sublimation work at the High School of Computers and Technology, part of the New York City Department of Education. Using their **AGC Sublimation Printer**, students and staff are producing professional-quality custom items—from **sleek mousepads to frosted glass jars**—right on campus.

Sublimation printing unlocks endless possibilities: vibrant water bottles, t-shirts, plaques, keychains, and more. These creations go far beyond the classroom, serving as standout pieces for fundraisers, student incentives, staff appreciation, and school spirit gear.

### Your Ideas That Stick

*From posters to decals to transfers—your printer's just getting started.*

The **Educator Plus Poster Printer** isn't just for posters—it's your go-to for custom stickers, iron-on transfers, vinyl decals, and more. Add **Cut-Out Studio**, and you've got it made. Precision-cut designs can be used for student merch, spirit wear, hallway decals, or classroom incentives—all created in-house, on your terms.

This summer is the perfect time to explore what your printer can really do.

## TRAINING SPOTLIGHT

### EmpowR Academy

PERSONALIZED EDUCATOR TRAINING

Get ready for the debut of **EmpowR Academy**, AGC Education's new professional learning platform built to help schools get more out of the tools they already have—without added pressure, budget strain, or extra PD days.

It's a new chapter in educator support—centered around your tools, your team, and your goals. This isn't just training. It's practical, hands-on guidance designed for real classrooms. With step-by-step videos, plug-and-play projects, and classroom-tested ideas, **EmpowR Academy** helps educators turn printers, cutters, and STEM tools into powerful, purpose-driven experiences.

Whether it's instructional visuals, school merch, or student-led projects, **EmpowR Academy** gives your team the confidence and creativity to move faster—and teach more effectively—on their own terms.

**Already an AGC partner?** You're first in line.
