

CLASSROOM Connect

ISSUE 10 | OCTOBER 2025

Fall Into Inspiration

As fall arrives, classrooms and communities are filled with the energy of the season. This month, we are excited to share some amazing transformations inside and outside of schools. From enhanced school branding to celebrating students in unique and impactful ways, we are proud to showcase how AGC and the Educator Plus Poster Printer can positively impact students and teachers every day.

We are also showcasing a fun way to incorporate 3D printing into theme weeks and providing important and powerful teacher resources with our templates this month. Let us help you bring the fall energy to life in your school. Call us today and ask how we can help.

PARTNER SPOTLIGHT

EMERALD COAST TECHNICAL COLLEGE

DEFUNIAK SPRINGS, FL

Campus Branding Made Simple

Emerald Coast Technical College just leveled up their campus branding with the Educator Plus Vivid Poster Printer, using indoor adhesive vinyl and outdoor scrim vinyl to create a professional look that welcomes students and visitors.

With the launch of the EmpowR Academy and the support of AGC staff, we have made it simple for any school to achieve the same results or to bring to life whatever their imaginations can dream up.

The best part? Bringing these projects in-house makes them easier, faster, and significantly cheaper for your school compared to outsourcing. Reach out for innovative solutions that address your challenges or just to learn a bit more about how AGC Education can make a positive impact at your school.

TECH SPOTLIGHT

Partnering to Celebrate Student Success

With support from AGC, one of our partner schools in New Haven, CT found a creative way to celebrate student accomplishments using the Educator Plus Poster Printer. Together, we helped them design “Halls of Fame” and “Walls of Fame” displays throughout the building to highlight student achievements in a bold and inspiring way.

One display was even created in Spanish, showcasing how AGC’s educational template libraries can be adapted into ten languages to reflect and support diverse school communities. The project was such a success that the school plans to continue adding new Hall and Wall of Fame displays each year to recognize students and keep school pride strong.

INNOVATION SPOTLIGHT

School Pride in 3D

October is full of energy in schools. Classes are in full swing, students are engaged in activities, and the month is filled with important awareness campaigns and school recognitions, including National Principals Month, World Teacher’s Day, Fire Prevention Week, National School Lunch Week, Red Ribbon Week, and National Bullying Prevention Month.

These events create plenty of opportunities for posters, banners, stickers, shirts, buttons, and keychains. But imagine giving students, teachers, and staff a custom 3D printed badge to show off their school spirit or to stand proudly as part of an anti-bullying campaign. Everyone in the school can take pride in wearing a badge that recognizes their role in building a positive community.

With the Imagin3D printer and support from the EmpowR Academy at AGC Education, creating customized items like these is simple, effective, and brings awareness campaigns to life in new ways.

AGC NEWS

Teacher Resources

This month we are sharing ready-to-use poster resources to help support your classroom and school events:

- **World Mental Health Day:** Use posters to start conversations about mental health awareness and simple self-care strategies for students.
- **Fall and Halloween:** Celebrate the season with colorful posters for fall festivals, classroom activities, and Halloween events.
- **Bullying Prevention Month:** Display posters that promote kindness, respect, and safe ways to stand up against bullying.
